Competition, Classes and Participants

Long distance

Maximum 7 runners per class and country/district

W/M16 50 min

W/M18 60 min

W/M20 70 min

Relay

Each team consists of 6 runners, one from each age class.

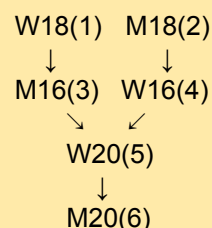

W18 (1) and M18 (2) starts parallel at the same time.

W18 change over to M16 (3) and M18 change over to W16(4).

W20 (5) goes out when both W16 and M16 has finished.

W20 change over to M20 (6) who takes the team to the finish.

Each country/district can have maximum of 5 teams, mixed and not full teams are allowed to start.

Team competition

The best 18 individual point scorers for each country/district, no matter the classes along with the 3 best results from the relay are added up to an overall result. The country/district with the highest points wins the team competition.

$$\text{Points} = \frac{X_n}{X_w} * C$$

where:

X_n - Result of the runner or team (in relay)

X_w - Result of 1st place in class (for long distance) or 1st team in relay (for relay competition)

C - coefficient, 100 in long distance; 600 in relays

Registration and fees

Participating fee for athletes and coaches is 80 euros.
